

REQUEST FOR IOS SOURCE CODE

The procedure is as follows:

1. You must already activate the apk generator which is normally will be activated with the source code.
2. Please fill up form in 'server support" - <https://goo.gl/forms/aVJrZnIOHNPvjeGo1>
3. We shall activate for the source code & you can download from your end after 48 hours.
4. We always recommend that you activate for apk generator first, than download, use and improve your apps first by publishing to android Google Playstore. Upon satisfactions of all the apps functionality, than now request for IOS Source Code & publish to Apple AppStore as the approval by Apple is more strict than Google.
5. All the best & Thank you.
