

HOW TO OPEN MAC IN CLOUD ACCOUNT FOR WINDOW USERS

For window users, topublish into Apple requires us to use XCode that can only be open in Apple environment.

We can still use our window however we have to subscribe to a website which is <https://www.macincloud.com/>

The packages they provide is as follows.

Pay-As-You-Go	Managed Server	Dedicated Server	VSTS Build Agent
\$ 1 per hour	\$ 20+ per month MOST POPULAR	\$ 49+ per month	\$ 29 per month
