

AUCTION.

Auction—a convenient way to profitably sell or buy things. Put things on sale and bargain for your favorite. Use trades from 1 ruble. Or place a fixed price like on a Bulletin Board to leave your phone immediately.

Module features:

- create a new lot at the auction or just things for sale;
- view and filter products from 1.1 million offers;
- ability to ask questions to the seller on the lot page;
- bids on the auction lots, purchase;
- receiving push notifications about events;
- view and send private messages;
- list of favorites;
- manage your lots;
- transaction data.
