

Social Media Post

One place to create and publish Social Media content

Our great new module will help you to post directly into your Facebook Profile, Facebook Fan Page, Twitter, LinkedIn and Google+ (Upcoming).

****This module is the perfect one to keep your customer with in your panel. Because by using this module they can post into their social media fan pages so they don't need to go out from your AMB panel.**

- Post your story into Social Media.**
- Post your business advertisement.**
- Post photo or video.**

Just follow these simple steps and you are done.

– ADD CONFIGURATION for Facebook, Twitter, LinkedIn

The screenshot shows a 'SETTINGS' page with three sections: 'Facebook settings', 'Twitter settings', and 'LinkedIn settings'. Each section has input fields for 'App ID', 'Secret', and 'Page id' (Facebook); 'Consumer key', 'Consumer secret', 'Access token', and 'Access token secret' (Twitter); and 'ID Client' and 'Secret' (LinkedIn). There are also 'Get or refresh Access token' buttons for Facebook and LinkedIn. A 'Save' button is at the bottom left.

– Write your post , add photo or link (link of any video / web link)

The screenshot shows a 'SOCIAL POST' page with a 'Write a new Post' section. It includes a text area for the post content, an 'Attachment type' dropdown menu set to 'Media', an image preview area showing a placeholder image, and a 'Select providers' section with checkboxes for Facebook, Twitter, and LinkedIn. A 'Post now!' button is at the bottom left.

-Then select the social media where you want to post. and

– Click 'Post now!'

Now check your social media. (example output :
